### BARTER FROM THE HEART

Dear Members and Friends,

As the year was ending I had sometime after the holidays to do some reflecting and thinking.

As I was counting my blessings which started with my great family,

I then realized how blessed Judy and I are to have such an awesome extended family which really is all of you. Yes our great club. We started to talk about all the great people and great goods and services we use almost daily with all of you.

Our best friends have all come from our club. We travel, go out to dinner, have parties and more with many of you. We are grateful and blessed to have these great personal and business relationships with you. Thank You again for enriching our lives.

### CHRISTMAS MIXER HIGHLIGHTS

We are happy to report that last month's Christmas party was another great event with over 120 members and guests. We had sales of Christmas goodies totaling around ten thousand dollars. The food was awesome, especially Robby's Famous BBQ Tri-Tip. Special thanks to Rick Tracewell for the holiday tunes, and to my brother Keith for being a great Santa. Your holiday pictures with Santa are on the website at [www.thebarterclub.com](http://www.thebarterclub.com) so check them out. Thanks again members and vendors for helping us another great mixer.

### MEMBERS MENTION

We would like to thank Tim Busk of "Heritage Painting" for his great help and work with Monte of "Jason's" restaurant in Lake Tahoe. Besides his normal 50 hour work week, he spent approximately 40 hours refinishing Jason's tables before the holidays and bartered all his labor. Our hats are off to you Tim. Your one of the reasons our club is great. Also special thanks to Cory Dragon at Dragons Handyman Services for his help at the last minute installing the tile floors at our newest restaurant Local Hero's in Auburn. He dropped what he was doing to help them meet their opening deadline working the whole weekend before the holidays. Way to go Cory. We need more members like you and Tim.

There are many more examples of members helping each other throughout the years which is why I know this club works and it is great. We are all blessed. Just stop and think for a minute some of the great things you have all received from our club and members. Lets also remember to continue and refer each other to all our friends and family. Enough of the mush for now!!

Happy and Healthy New Year to you all! We will do our best to keep Growing and offer more to all our members.
