Web and Directory Update

We are sorry we haven't updated and launched our online directory. During testing we discovered some "bugs" that we are still currently working out. Marc at Vision Quest hopes to have everything worked out by the end of this month.

We will keep you posted.

Our new 2011 Directory Booklets should be finished and mailed out later this month. Let us know how you like them. Make sure and check your listing information and let us know if there are any changes to be made for future editions.

1099's

Most members will receive their 1099s in this mailing. Some members are exempt from receiving 1099s. If you sold personal items such as furniture, cars, or other items outside of your business let us know so we can adjust your totals. Remember, you can write off any barter expenses used in operating your business including items like car repairs, computer services, internet and other business deductions.

Well members, I hope you all had a great new years celebration and best of luck to all of us in this new year. "We can all use it"
