See me at www.MyMassageNinja.com. This side of heaven, it's hard to find anything better than a great massage. I consider my practice to be a holistic health healer using a Complementary Alternative Modality. One of the things that's so beautiful and powerful about Massage Therapy/Body Work is that it's almost ALWAYS appropriate for nearly ALL types of people and conditions. It may not be the ONLY approach that's best for a particular situation, But it certainly COMPLEMENTS virtually everything else. If you have a home massage table, I would be delighted to come to you. Also try an "Employee Appreciation Day," have-chair-will-travel and they will love you for it!
