

Barter Club Celebrates 15 years

A Special Letter to Our Members

Dear Members:

We are very excited and proud to say we have been bartering now in the Foothills for 15 years. We started the Barter Club in April 1994 with just a handful of members. We now are happy to say we have approximately three hundred and fifty members covering from Sacramento through the Foothills up to Truckee, Tahoe and now Reno.

We want to thank all our members for making this possible and making this Barter Club work. We have made so many great friends, contacts, referrals and relationships through our club. We sure hope it has been a great source of business for all of you.

We plan to further expand our clubs territory and double our membership over the next few years offering our members even more great services and goods to barter for. These times ahead are going to be very challenging and tough to get through however, by bartering and working together it will make it a little easier and better for all of us. We are very grateful and blessed to have all of your great businesses in our club.

We would like to pay special thanks to our charter members, those brave ones who started out with us back in the early days of our barter club. Let's start with our very 1st member back in April of 1994. Our first member was Andre Sims Kenpo Karate.

#1-Andre Sims of Kenpo Karate
Ron & Kay~ Aristocrat
Jeff & Maryanne ~ Auburn Family
Optometry
Ross Jackson ~Auburn Imports
Kent & Lisa~ Cabinet Doctors
